Feedback: LGB wage negotiations 2024/25

Members will recall that the employer tabled a salary increase of 5.3% and an increase of allowances by the same percentage, which were rejected by members. Subsequently, during a member's meeting, it was proposed that the employer should increase the offer, noting that the price of food, fuel, electricity, and other consumables was exacerbated by the high CPI and interest rates.

The PSA engaged with the employer who reconsidered its initial position and offered an improved offer of a 6.3%-salary increase. However, the increase in allowances (cell phone, housing, and danger) will remain at 5.3%. The PSA has scheduled a members' meeting on 6 May 2024 for members to give the Chief Negotiators a mandate of whether to accept or reject the employer's offer.
