North West PHSDSBC Chamber Annual General Meeting - 5 April 2024

Quorum and agenda points

The following report was given to the North West Chamber, which held six ordinary meetings and three special meetings of which all meetings had a quorum. The Chamber resolved to pay more attention to proper administration of meetings to save time and make sure that agenda points are concluded. It was further reported that after the capacity-building workshop, the functionality of the Chamber significantly improved.

The report further indicated that most agenda points were dealt with and removed from the agenda. However, it was noted that there is a removal of items from the agenda, which are withdrawn and subsequently reinstated. Parties agreed that this should be dealt with decisively. Solutions were sourced, which would include reinstating task teams to deal expediently with agenda points, but a final decision would be adopted at the ordinary Chamber meeting.

Election of office bearers

The following officials were elected:

Mr Makazen Modise – Labour

Mr Kagiso Tsweenemang - Deputy Chairperson - Employer.

Members will be informed of developments.

Reuben Maleka
GENERAL MANAGER
