Members are aware that the PSA participated in the stakeholder engagement including the employer, the South African Police Service, the South African Local Government Association, the Department of Transport, Metro Police Departments, and other trade unions. The purpose of the engagement was to apprise parties pertaining to progress made on the implementation of the National Road Traffic Law Enforcement Committee and to map the way forward. In the same meeting, the employer committed to circulating the draft Terms of Reference to set out rules of engagement amongst parties. This document was received by the PSA on 25 November 2024 and is shared with the members for consideration and submission of inputs.
