## Feedback: CCPECP (Coordinating Chamber for PSCBC - Eastern Cape) – 27 March 2025

PSA participated in the chamber meeting held on 27 March 2025, where the Provincial Human Resource status report and Occupational Health and Safety report were key agenda items. During the previous meeting on 15 November 2024, it was resolved that these reports be deferred to the next meeting, with the employer committing to sharing them with labour beforehand. However, the employer failed to submit the reports as promised. Labour expressed disappointment, and the employer admitted that the reports were still not ready. As a result, it was agreed that the matter be adjourned and a special chamber meeting be convened within 10 days to address these outstanding issues. The agreed date for this meeting is 09 April 2025.

The PSA emphasized that the employer must take the chamber seriously, adhere to resolutions, and treat the chamber with the respect it deserves. All parties must commit to the chamber processes to ensure productive and meaningful engagements. Members who have issues under the scope of the CCPECP can submit agenda items to [zizipho.shukuma@psa.co.za](mailto:zizipho.shukuma@psa.co.za).
